Declaration of the European Chemicals Regulation 1907/2006 (REACH)

Dear Ladies and Gentlemen,

Our role within the REACH regulation is producer of articles.

We do not supply substances and mixtures and are therefore not subject to the obligation to prepare/forward safety data sheets.

Within the scope of our own supplier communication we have identified articles which contain SVHC candidates in a quantity of > 0.1 mass percent.

An overview of articles which, according to our current knowledge, contain SVHC candidate substances of the current SVHC candidate list can be found here:

[REACH – Overview Article](#)

Within the scope of supplier communication, no violations of obligations regarding the handling of Annex XIV substances could be identified.

According to current knowledge, ITT Rheinhütte Pumpen GmbH comply with the restrictions of use defined in Annex XVII of the REACH Regulation.

Kind regards

ppa. Stephan Näckel
Director Engineering
